Brake Parts Inc Receives United Way's Landmark Award

Recognized for Generous Donation to Local Chapter

MCHEMRY, III. – June 13, 2016 – Brake Parts Inc (BPI) was recently recognized by the United Way of Greater McHenry County with the Landmark Award for its 2015 donation of more than \$176,000, an increase of 17 percent from the previous year's donation. The Landmark Award is reserved for companies that reach an outstanding level of success by raising \$100,000 or more during their annual United Way campaign.

"I am extremely proud to say this is the sixth time that Brake Parts Inc has received the Landmark Award for its generous donation to the local United Way chapter," said David Overbeeke, president and CEO of Brake Parts Inc. "This award really goes to all of the BPI employees who go above and beyond to give to this organization that funds health and human service agencies right in our area. Donating to the United Way is our way to give back to help better the lives of people in the community that need assistance."

Brake Parts Inc matched the money that was raised by employees during the 2015 campaign through special fundraising projects, including many held at the McHenry, Ill. headquarters, such as a silent auction, "Jeans Month" where employees paid to wear jeans to work, raffles, golf passes, a taco lunch sale, computer sale and brake sale.

About Brake Parts Inc

Brake Parts Inc (BPI) is committed to leading the global automotive aftermarket as the premier manufacturer and supplier of brake system components. The company's primary focus is the growth and profitability of its customers through a collaborative platform of quality, innovation, dedication and integrity. BPI has a demonstrated commitment to research, development and testing of its entire product offering, including friction, rotors, drums, calipers and hydraulic products, ensuring that they meet or exceed original equipment fit, form and function requirements.
